

"Spirit of Art" International Art Exhibition

"Spirit of Art", an international group exhibition, will open at "La Galleria", Pall Mall, on March 20th, 2011.

"Spirit of Art", initiated and curated by art curator and artist Zina Bercovici, is an international exhibition which will present eighty of the finest works (sixty paintings and twenty sculptures) of forty well known artists from Europe, Asia, and North and South America. .

Through their works, each artist shares with his fellow artists and the spectators their personal reflections and interpretations of the spirit and cultural influences of his country and heritage, creating a unique and multi-cultural artistic structure with a feast of colors, shapes, styles and techniques – merging into a vibrant artistic kaleidoscope.

Gathering artists and art works from different and diversified countries, origins and artistic spheres in the cultural center of London, will provide art lovers with a special journey through a multicultural "corridor", interacting and communicating with the different artists, colors, artifacts, and images.

One interesting theme of this unique concept is the subject of the body, in particular the female form, which is depicted in many of the works. Though the human body is basically universal, the treatment of the body in the various works is explored through the personal perspective of each artist, in a very diverse way, with each work unique and special.

The artworks showcased in the exhibition are created in a variety of techniques and materials - from canvas paintings and mixed-media collages to bronze sculptures. The works of these forty well-known artists are in private collections and museums around the world, and they have participated in various international art exhibitions in Europe, America and Asia.

One can only admire the richness of the collection. Art lovers and art collectors should not miss this show. The exhibition will be open to the public from March 21st until March 26th, 2011.

"La Galleria" is located in the John Nash Royal Opera Arcade, No 2 & No 30, in St James's Street SW1Y 4UY - right in the heart of London. The arcade was designed by John Nash and was completed on 1818, and houses many high quality boutiques specializing in fine art. "La Galleria" specializes in fine visual art exhibitions.
